Vegetable Seeds of Quality

EACH year, it is growing more apparent that the production of vegetables is *becoming highly specialized* and is fast getting into the hands of Truckers and Market gardeners whose livelihoods depend largely on the quality of their product, and who demand from their Seedsman *True Types of Highest Merit*. We have anticipated this growing demand *for Select Strains of Carrot, Lettuce, Onion, Etc., Etc.*, and have for the past several years devoted a considerable acreage to *Selection and Breeding* work. We are offering in this list, stocks, *Carefully Bred, Critically Rogued, Cleaned and prepared with all possible care to prevent any mixtures*. We believe that there are no better stocks obtainable and that you may depend upon them to give satisfaction to your most critical trade. Seed of doubtful quality may be purchased cheaper, but why take chances?

Quality Will Pay in The Long Run.

Seller agrees to plant, or cause to be planted, during the season of 1943 an acreage of land which will produce, under normal conditions, an amount of seed of the varieties herein named which will be sufficient to enable the seller to deliver the quantities of the seeds herein contracted for; and the seller agrees to deliver as soon as possible after harvested, such seeds in good merchantable condition as herein defined, F. O. B. growing station, containers extra at cost, and not returnable. The terms "in good merchantable condition" is defined as seeds properly cleaned for seeding purposes, approximately free from foreign seeds distinguishable by their appearance and of a germination equal to the fair average germination of the crop of the current year.

5. Except as herein otherwise expressly provided, the seller gives no warranty expressed or implied, as to description, quality or productiveness, or any other matter of any seeds sold by it, and will not be in any way responsible for the crop. The sellers liability, in all instances, is limited to the purchase price of the seed.

7. If the production of the within mentioned goods be prevented by any condition existing from a state of war, strike, or by any act of God, seller shall not be liable therefor. Or, if the cost of producing, processing or merchandising the within mentioned goods be increased directly or indirectly, from any of the above mentioned causes or by any act of government controlled prices, such increase shall be paid by the purchaser to the seller. If the parties cannot agree on the amount of said increase that question shall be arbitrated as set out in paragraph No. 8 of our contract conditions.

8. If the cost of producing, processing or merchandising the within mentioned seed is increased by seller's payment of sales taxes or by his compliance with Federal or State Laws or Regulations enacted or promulgated subsequent to the date of this contract such increase shall be paid by the purchaser to the seller; and if the parties cannot agree on the amount of said increase, that question shall be submitted to the Arbitration Committee of the American Seed Trade Association for arbitration and award, which award will be made forthwith by the purchaser.

In Witness Whereof, the parties have hereunto set their hands on the day and year first above written.
